

# Sophie Candy

## ARCHITECTURAL GRADUATE

Graduate of Master of Architecture | Graduate of Bachelor of Architecture - BArch (Honours)  
Portfolio work available at: <https://www.sophiecandy.com/>

## PROFILE

*My point of view as a designer:*

To inspire in others feelings of warmth, joy, and excitement through what I create is the most important aspect of design to me. Creating memorable and inviting architecture which is deeply invested and influenced by its community, natural environment, and client.

Outside of work I love all things creative; painting, fashion design, and photography. I adore travelling and reading, exploring new cultures and broadening my understanding of the world.
